TRANSFORMERBOARD

HV INSULATION COMPONENTS

For;

- Power Transformers
- HVDC Transformers
- Traction Transformers
- Distribution Transformers

HV Insulation Components include;

- Complete Insulation Packages (kits)
- Cylinders
- Snout Sectors - Chimney Sectors
- Shield Rings - End Shield Rings
- Shield Cylinders
- Cap Sectors - Angle Ring Sectors
- Press Rings (Laminated Board or Laminated Wood)
- End Rings - Clamping Rings
- Clackband, Ladder, Oil Channel Band (tape) With HP Strips
- Spacers - Strips - Trapezoid Strips
- Corner Protectors (Cap or Angle Ring for Edge Protection)
- Lead Exits (up to 1200 kV)
- FEM-Finite Element Method 2D&3D Electromagnetic-Field Simulation
